Submitted to Under Secretary

General and Revenue Secretariat. | File No. 2721 of 19 .

Serial No. 20

I visited the Central Book Depot on the 4th of this month and examined the official publications (excluding publications pertaining to the Education Department) in stock. A detailed list of the publications in the Depot prepared under my instructions by Mr. Pandurnga Rao, Audit Superintendent is put up below. (Flag W.) All the publications which are obsolete or ~~were~~ are superceded by subsequent publications are scored out in the list. Flag "U" is a list prepared from flag "W" showing Regulations, Rules etc., which have become obsolete They are 110 in number. The number of copies in stock of each of such publications as per Ledger maintained in the Book Depot is indicated in the remarks column of the list, flag "U". These publications may I think be disposed of as waste-paper or should there be no demand for them as such destroyed. In addition to Regulations, Rules and other Official Publications, copies of Administrati reports, Proceedings of the Legislative Council and the Representative Assembly, Dewan's Address to the Assembly, General Budget Estimates, Revenue and Finance Accounts, Season and Crop Reports, Catalogu of Books Registered, Civil List, History of Service of Gazetted officers, Blue Book General etc., are being sent to the Book Depot for sale to the Genera

(1) 45

NOTE—Contn. sheet.

Serial No.

Public. From the account maintained in the Book-Depot, it is found that except for the half-yearly Civil List there is little or no demand for the other publications noted above. Further as regards the number of spare copies sent to the Depot there is no uniformity in practice. I think that there is no necessity to send the following publications to the Depot:-

1. General Administration Report,
2. Administration Reports of Departments,
3. Abstract Proceedings of Legislative Council,
4. Proceedings of the Representative Assembly.
5. Dewan's Address to the Representative Assembly,
6. General Budget Estimates,
7. Revenue and Finance Accounts,
8. Season and Crop Reports,
9. Catalogue of Books Registered,
10. Blue Book Journal and
11. History of Services of Gazetted Officers.

It is enough if a few spare copies of these Publications are kept in stock in the Secretariat or in the offices of the Heads of Departments and supplied to the Curator on requisition whenever he gets a demand for them from the public. Even as regards Regulations, Rules, Manuals etc., it is found that there is no system to regulate the

NOTE—Contn. sheet.

Serial No.

the number of spare copies sent to the Depot. A Very large number of copies of unimportant publications are sometimes sent. For instance, there are now in the Depot 998 copies of the Rules regulating the occupation of Bungalows on the Nandi Hills and 1979 copies of the Village Improvement Manual in Kannada. While making supplies in future, it will be necessary to regulate the number of copies so as to avoid unnecessarily heavy stocks being held in the Depot. The number of copies of each publication to be printed ~~may~~ has to be determined at the time of printing taking into consideration its importance and the likely demand for it.

Chief Secretary)

29 The following note is submitted with reference to the marginal remarks of the Chief Secretary above :-

A

B

G.O.No.2070-107/G.F.142 of 1903 dated the -- 13th October 1904 and G.O.No.280-88/G.R.13 of 1905 dated 14th July 1906 directing that the official -- publications may be made available for the public are put up. It will be seen from the accompanying statement furnished by the Curator that the average realisations from the sale of Government publications during the past five years is about Rs. 3700 ~~rupees~~ a year. The major part of the realizations ~~xxxxxxxxxx~~ is from the sale of Acts, Regulations, Codes, etc., prescribed for the local Service examinations. Information is not readily available in regard to the amounts realised from the sale of periodical publications and Manuals and other Miscellaneous items such as ~~Departmental rules,~~ Bulletins, ~~Reports etc. of the sales of~~ Government Calendars. The approximate number of copies of some of the periodical publications such as Administration Reports etc., referred to above usually in demand can be gathered from the statement appended

D

2. The question whether Official publications may not more satisfactorily be made available to the public through authorised Book-sellers cannot be -- examined without further details regarding the sale of each publication from year to year.

C

O.N° 5078-9 Dated Gen. 100-88-11 9th Feb 1907 is also put up.

NOTE—Contn. sheet.

Serial No.

3. The number of copies of the several Acts and Regulations to be printed ~~are~~ is laid down in G.O.No. G.24335-95/Legis.8-20-6 dated 13th June 1921. The number of copies of rules under the several enactments to be printed are determined by the Secretariat -- Officers of the Branches which issue the rules. The number of copies of periodical publications to be printed and distributed are fixed in the Office Memos of the Heads of Departments or the Government orders sanctioning the distribution. e.g., History of services of District Offices vide G.O.No.1272-133 G.M.26-22-24 dated 13th July 1923; Blue Book Journal Office Memo 1341-19 dated 15th August 1922, General Budget Estimates ~~as per G.O.~~ as per an Index of Govt Revenue and Finance Accounts as per Comptroller's -- No.658 dated the 5th November 1923. Annual Report of Season and Crop under the instructions from the Revenue Commissioner. 4. The I.G. of Education has sought instructions as to which of the absolute or superseded publications may be weeded out. Orders are solicited if the file may now be transferred to the Edn Section for issuing instructions for the disposal of such publication which has already been approved by the Chief Secretary. The question of regulating the number of copies to be printed and through what agency they may be made available to the public being taken up for consideration after a reply is sent to the I. G. of Education. Subd Forwarded

DEPARTMENT OF EDUCATION,
GOVERNMENT OF MYSORE.

No. Glc.5881 of 22-23

F 1494
Fr 28-23-1

Encl. 1 statement with lists.

16484

OFFICE OF THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

Bangalore, Dated 16th November 1923.

From

C.S.Balasundaram Iyer Esq.,B.A.,
Inspector General of Education in Mysore.

To

K. Matthan Esq.,B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

Sir,

With reference to para 10 of Government order No.11212-13/Edn. 21-17-26 dated 27th May 1923, passing orders on the reorganisation of Government Central Book Depot, I have the honor to inform you that the Circle Inspector of Education, Bangalore was as usual deputed dur 1922-23 also for taking annual stock of the Depot. A statement embodyin the report of stock taking and explanation of the Curator of the Depot with my remarks and orders thereon, together with lists showing the actual stock of all kinds of articles in the Depot on 24-5-1923, is herewith submitted for perusal and orders of Government.

The suggestion of the Circle Inspector in para 11 of the statement regarding the publication of a quarterly catalogue of official publications may be adopted as it helps to advertise the early sale of these publications. Before such a catalogue is however published, it is necessary that one of the officers of the Secretariat should be deputed to take stock of all official publications with power to suggest to Government or order on the spot the writing off or other means of disposal of obsolete or old publications, occupying so much

It is better & safer to bifurcate the Govt Book depot charge from the supdt of the Govt Press & have it managed by an entirely separate agency with full responsibility for its stocks & sales.

space in the racks and lying idle without sale. I request that Government may be pleased to depute an officer for the purpose.

I have the honor to be,
Sir,
Your most obedient servant,

Inspector General.

gsr 16-11

Points raised by the Circle Inspector in the course of stock taking.	Curator's Explanation.	Inspector General's remarks orders.
1. The stock taking occupied a period of 7 days from 19th May to end of the 29th with the exception of the 20th, 24th, 26th and 27th.		
2. The stock is divided into 4 sections viz: 1. Section I School books, Maps etc. 2. Section II official and other publication. 3. Section III furniture 4. Section IV Miscellaneous.		
3. In section I, 5 books are maintained one for English books, 2nd and 3rd for Kannada books the fourth Sanskrit and Hindustani books and the 5th for maps and pictures.		
4. Section II maintains three stock books the 1st and 2nd being for official publication in English and the 3rd for official publication in Kannada.		
5. Section III maintains only one stock book for furniture. The furniture in stock in the Depot consists of 161 boxes, 82 stools and 11 pair of map racks. In addition to this, there are the following articles which are ~~the following articles which are~~ old but still useful. Table with 2 drawers- 1. Small tables - 2 Table without drawer - 1. Stationery cases -3. A Bench vice and a measuring tape are also included in this section. If the articles referred to are ordered to be supplied to schools there appears to be no necessity for the maintenance of this section in the Depot as, at present the supply of furniture is ordered direct by the Circle Inspectors on tenders called for.	The boxes, stools and mpp-racks will be required either for supply to Branch Depots whenever a new one is opened, or for sale, at half cost, to grant-in-aid schools. The other articles of furniture belong to the Home Industries classes and are reserved for supply to the Practical instruction classes to be started under the Poly-Technic Scheme.	These articles may remain with the Curator for the purpose pointed o
6. Section IV also maintains only one stock book and includes among other items, bells, locks, stationery blank registers, His Highness Photos etc.		
7. I checked the stock book No.I on 19-5-23 and found it correct. My office Assistant Mr.B.K.Venkatrama Iyengar helped me by taking a detailed stock of all the articles in the Depot.		
8. The list enclosed herein shows the actual stock of all kinds of articles in the Depot on 24-5-23. There have been some discrepancies which are noted in the remarks column of the list.	Among the items that show glaring discrepancies between the ledger figures and the actual stock, the chief ones are the following:- Lead pencils and Ink packets Excess in lead pencils is due to the fact that upon a certain occasion certain damaged and useless ones were passed for sound ones, through a slight clerical oversight and communications were awaited for replacement. Those having been received, excess among sound ones remained over. As regards deficit in ink packets - the huge stock of this is an accumulation of balance of several year's past, extending over ~~the~~ one or two decades. The flimsy material in which the powder has all been packed deteriorates with the lapse of time and especially the edges make way for	The Curator's explanation may be acc Such mistakes are not likely to occu future as the practice of supplying tionery articles from the Depot wil be discontinued from this year (23- (vide G.O.No. F1164-6/Con 421-22-23 dt 6- sanctioning lumpsum contingent gran to each V.B.school in the general r modelling of schools) The Curator h been asked to make the necessary al tions in the ledger.

and the contents fall through. During each annual supply all packets in this condition are thrown out as rubbish and this repeated for the past five years has resulted in a deficit of the kind noticed. Hence the actual figure may kindly be allowed to be taken into the Ledger for the next year.

Next small differences noticed here and there with regard to other items can all be adjusted either by bracketting similar items or by allowing me to take the actuals to ledger for the next year. Considering the total of all the discrepancies the value would in the long run make little or no difference in the total value of the stock.

The total value of the stock under excess is + Rs.18-15-9
do under shorage 18- 0-0
Rs. 0-15-9

Showing little difference in the total value of the whole stock in the depot under all items. Under the circumstanc the Curator is ordered to write off th shortage and to take items which are i excess to the stock.

9. The arrangement of books in the Depot needs improvement. At present the books are stocked in shelves and racks in the main stock rooms in the order of their arrival and as space permits, having reference also to readiness of sale. By this arrangement it is evident that particular racks are not set apart, for particular books. To-day a rack may be filled with Kannada Balabodhe and to-morrow the same rack may be groaning under the weight of Ankaganita. By the system of stocking books as they are received in the ~~same~~ some room without discriminating books that find a ready sale and those that do not, it is very likely that chances of books being lost will arise. It is therefore suggested that a sytem of double stores may be adopted vide G.O.No.11212-2/Edn.21-17426 of 27-5-1920.

The system of double stores consists as follows:-
1. Arrangements of Major and Minor stores for safe holding of stock and for current issues respectively.
2. Arranging books according to the frequency of issue consistent with the order in the ledger.
These arrangements will be tried from 1st July 1924, if, in the meanwhile, the racks indented for are sanctioned and fitted up in the stores. It will greatly facilitate the re-arrangement if the reorganisation of the office staff and re-distribution of duties recommended by this office are sanctioned.

The Curator is ordered to carry out th arrangements suggested by the Circle Inspector in accordance with the G.O. quoted with the help of existing clerk early in July 1924. The required racks will be recommended to Govt. to be sup in the meanwhile.

10. Regarding the surplus stock which contain a large number of books, unserviceable clocks, broken bells etc. noticed at the last inspection and recommended for disposal, it has now been decided as per order of the Inspector General of Education that some of the books and a few articles should be taken to current stock, some distributed to different schools and the rest mostly damaged and unfit for use, auctioned. The Curator is expected to clear up the surplus stock in the manner noted above as soon as practicable.

As observed by the Circle Inspector the remaining articles in the surplus stock will be cleared up as per Inspector General's orders soon after the distribution of school equipment articles is over.

The Curator is ordered to attend to theinstructions of the Circle Inspec in regard to the clearance of surplu stock as early as possible and submi definite proposals to this office at an early date for the disposal of su or dead stock not covered by orders already issued from this office.

11. A catalogue of departmental publications has to be printed and made available for sale at a small price.

A quarterly catalogue of the Education Departmental publication is being published and distributed free to the public as well as to the Agencies and Branch Depots. What is wanting is a catalogue of official publications. A list will be shortly prepared and submitted for orders of publication.

The Curator is requested to attend to the preparation of a catalogue of pul tions at an early date. But before th is done it is necessary to weed out t obsolete or old publications and to t end it is requested that one of the A Assistants of the Secretariat may be puted to examine the stock and sugges disposal.

12. Disposals suggested on certain itemsof list of books (sch ool) Vol.I.Section I.

The distribution or disposal suggested against items No.41,44,52 and 54 to 56 may be kindly ordered to be effected. The disposal of books received from Messrs:M.S.Rao & Co., and the Kavya Kalanidhi office has been sought for. The excess of 23 in copy books No.VI and VIII noted by the Circle Inspector in the ledger has been omitted in the list and may be set off against the shortage by a ~~smil~~ similar number in copy books Nos.IV and V noted section I Volume II.

The Curator is ordered to attend to t distribution of the books to the schoo as suggested by the Circle Inspector a an early date and to submit a report to this office to that effect. The exc of copy books Nos.VI and VIII may be set off against the defect in Nos.IV a

12. Considering the very large number of books on hand and the frequ nt additions and removals due to daily transactions, arrangement made for safe guarding, accounting and checking seem to be satisfactory.

Recommended

Bangalore
2 FEB. 1924

K. Srinivasa Iyengar.
Curator,
Govt. Central Book Depot.
Bangalore City.

Letter No.C10576, dated 8-1-1924 to the Curator, Government Central Book Depot, Bangalore.

112

Has the honor to state that as it is ascertained that there is little or no demand for copies of the Blue Book Journal stocked at the Government Book Depot for sale to the general public, it is proposed to discontinue in future the supply of 50 copies of each issue now being made to the Depot under G.M. No. G.1341-90, dated the 15th August 1922. Requisitions, if any, for copies of the journal that may be addressed to the Depot may be complied with by obtaining the required number of copies from this office.

of the Central Book Depot with such official publications as may be ordered to be sold to the public.

(4) G.O. No. M 5667-75/Pt 572-21-3 dated 15th June 1922 directing that spare copies of printed Government orders be stocked in the Central Book Depot for sale to the Public.

Order G/1785-844/31.8.24

It has come to the notice of Govt that a large numbers of copies of some official publications and spare copies of Government orders for which there is hardly any demand are sent to the Sale Depot with the result that heavy stocks remain there unsold for long periods and eventually become useless. It is also observed that at the time of printing, the no of copies to be printed is frequently determined without reference to the no required for free distribution

O R D E R No. G/12785-849

Dated, Bangalore, 17th April March 1924.

It has come to the notice of Government that a large number of copies of some official publications and spare copies of Government orders for which there is hardly any demand are sent to the Government Book Depot with the result that heavy stocks remain there unsold for long periods and eventually become - - - useless. It is also observed that at the time of printing, the number of copies to be printed is frequently determined without reference to the number required for free distribution and to the probable demand from the public.

2. With a view to avoid unnecessarily heavy stocks being held in the Depot, Government are pleased to direct that except in the case of official publications prescribed as texts for Local Service and Pleaders' Examinations and others for which there is a demand such as Civil Lists, only a limited number of spare copies may in future be sent to the Government Book Depot for sale to the

public.

3. The attention of the Heads of Departments and the Secretaries to Government is invited to paragraph 3 of the order dated 16th March 1911 referred to above and they are requested to see that, whenever an official publication has to be printed or reprinted, only such number of copies as are absolutely necessary for free distribution and for meeting the probable demand of the public are caused to be printed and a limited number of copies sent to the Book Depot for sale.

4. In the case of Periodical publications such as ~~xxxxxxxx~~ Administration Reports, Revenue and Financial Accounts, Season and Crop Reports, Catalogue of Books Registered, Departmental Manuals and Bulletins &c., it would be enough if a few spare copies are kept in stock in the offices concerned and supplied to the Curator ~~xx~~ on requisitions whenever he gets a demand for them from the public.

5. Government trust that the number of copies of each ~~xx~~ publication to be printed or reprinted and the number of them to be sent to the Government Book Depot will, in future, invariably undergo careful scrutiny of the Secretaries to Government and the Heads of Departments.
